

TERA LUFT WSH 10

AIR - WATER

TERA LUFT WSH 10 bar is air - water rubber hoses designed for standard-duty use on industrial pneumatic tools in mines, quarries and construction jobs.

Cover of the hose is smooth, abrasive and weather resistant.

TECHNICAL PARAMETERS :

temperature : -30°C, +80°C

pressure : 10 bar

destruction press.: 30 bar (security 3 : 1)

vacuum : -

norm : -

reinforcement : plies of polyester tire cord / braid

inner tube : SBR rubber - black, smooth, oil resistant

cover : SBR rubber - black, smooth, abrasive and weather resistant

use : Compressed air, water and applications where a standard pressure is demanded.

DN Ø	Pressure	OUT Ø	Wall	Weight	Length
25	10 bar	34	4,5	0,56	40 m
38	10 bar	48	5,0	0,89	40 m
51	10 bar	64	6,5	1,38	40 m
63	10 bar	75	6,0	1,75	40 m
76	10 bar	91	7,5	2,65	40 m
102	10 bar	118	8,0	3,25	20 m
127	10 bar	145	9,0	3,98	20 m
152	10 bar	170	9,0	4,81	20 m

* size = DN Ø and radius are in mm, weight in kg/m

INFO :

Hose can be assembled with a wide range of couplings from our offer.
